SUBJECT INDEX

Adjuvant chemotherapy
spontaneous pneumothoraces during treatment for fibrosarcoma (Markman, Meek and Wingard), 264
Alcoholic beverages
benefits of moderate use of (Turner, Bennett and Hernandez), 53
Alpha-fetoprotein
immunoassay for (Kimball et al.), 97
Angina pectoris
unstable, Clinical conference (Achuff, Gottlieb and Krajci), 266
Argininosuccinase deficiency
long-term treatment of, Genetics clinic (Batshaw et al.), 34

Book Reviews
Biofeedback: Clinical Applications in Behavioral Medicine, 187
Blood, Pure and Eloquent, 279
Burn Care for the House Officer, 87
Congenital Heart Disease in Adults, 280
Diagnostic Approaches to the Malformed Fetus, Abortus, Stillborn, and Deceased Newborn, 88
Genetic Counseling: Facts, Values and Norms, 279
Genetic Disorders Among the Jewish People, 185
Legal Medicine 1980, 281
Multiple Imaging Procedures, Volume 1. Pulmonary System. Practical Approaches to Pulmonary Diagnosis, 87
Principles and Management of Urologic Cancer, 88
Rehabilitation in Chronic Renal Failure, 187
The Diagnosis and Treatment of Alcoholism, 186

Cardiac surgery
in Jehovah's Witnesses (Levinsky et al.), 196
Cartilage-hair hypoplasia
immunologic studies of (Trojak et al.), 157
Cell-mediated immunodeficiency
and cartilage-hair hypoplasia (Trojak et al.), 157
Child abuse
hypernatremia as a presenting sign (Chesney and Brusilow), 11
Cholesterol levels
at the Columbia Medical Plan (Chase, Kwiterovich and Bachorik), 191
Choreoathetosis
familial paroxysmal dystonic, Genetics clinic (Walker, E. S.), 104
Citrullinemia
long-term treatment of, Genetics clinic (Batshaw et al.), 34
Clinical conferences
Coronary artery disease, 266

Eosinophilic fasciitis, 81
Postural hypotension, 127
Preleukemia, 200
The Dressler syndrome, 179
Toxic-shock syndrome, 14
Colonic carcinoma
associated with *Streptococcus bovis* meningitis (Weitberg, Annese and Ginsberg), 260
Columbia Medical Plan
plasma lipid levels at (Chase, Kwiterovich and Bachorik), 191
Complement
as mediator of membrane damage (Mayer, M. M.), 243
Coronary arteries
disease of, Clinical conference (Achuff, Gottlieb and Krajci), 266
Corynebacterium diphtheriae
as a cause of infective endocarditis (Love et al.), 41

Dietary deficiency
maternal, role of trace metals in (Hurley, L. S.), 1
Disseminated intravascular coagulation
in typhoid fever (Miró-Quesada et al.), 73
Dressler syndrome
diagnosis of, Clinical conference (Baughman and Wen), 179
Drug abuse
psychiatric and medical syndromes associated with, Psychiatric clinic (Pearlson, G. D.), 25
Dwarfs
impairment, psychiatric symptoms and handicap, Genetics clinic (Folstein et al.), 273

Endocarditis
infective, due to *Corynebacterium diphtheriae*. Report of a case and review of the literature (Love et al.), 41
Eosinophilia
with fasciitis, Clinical conference (Shulman, Wood and Cantrell), 81
Epistenocardia
and the Dressler syndrome, Clinical conference (Baughman and Wen), 179
Ethanol
benefits of moderate intake (Turner, Bennett and Hernandez), 53

Fasciitis
eosinophilic, Clinical conference (Shulman, Wood and Cantrell), 81
Fibrinogen
in typhoid fever (Miró-Quesada et al.), 73
Fibrosarcoma
and spontaneous pneumothoraces during adjuvant chemotherapy (Markman, Meek and Wingard), 264

Genetics clinics
Hereditary disorders of dystonic movement. A phenocopy of Huntington's disease: Lacunar infarcts of the corpus striatum.
Familial paroxysmal dystonic choreoathetosis: A neurologic disorder simulating psychiatric illness, 104
Idiopathic multicentric osteolysis in a 78-year-old woman, 165
Impairment, psychiatric symptoms, and handicap in dwarfs, 273
Therapy of urea cycle enzymopathies: Three case studies, 34
Gold nephropathy
and D-penicillamine–induced proteinuria (Billingsley and Stevens), 64

Heritability
quantitative genetics of health and disease (Murphy, E. A.), 114
Huntington's disease
a phenocopy of, with lacunar infarcts of the corpus striatum, Genetics clinic (Folstein et al.), 104
Hypernatremia
as a presenting sign of child abuse and psychosocial dwarfism (Chesney and Brusilow), 11
Hypertension
pulmonary, in systemic sclerosis (Naslund, Pearson and Ritter), 78

Immunoassays
to generate point estimates of concentrations (Kimball et al.), 97
Impairment
in dwarfs, Genetics clinic (Folstein et al.), 273

Johns Hopkins medical vignettes
Henry Mills Hurd: The first superintendent of The Johns Hopkins hospital and the first professor of psychiatry, 135
The influence of William Stewart Halsted's concepts of surgical training, 215
Jehovah's Witnesses
open-heart surgery in (Levinsky et al.), 196

Lipid levels
at the Columbia Medical Plan (Chase, Kwiterovich and Bachorik), 191

Medical genetics
quantitation in (Murphy, E. A.), 114
Membrane damage
by complement (Mayer, M. M.), 243
Meningitis
caused by *Streptococcus bovis* (Weitberg, Annese and Ginsberg), 260

Neuroleptic medications
and tardive dyskinesia, Psychiatric clinic (Rabins, Tune and McHugh), 206
extrapyramidal side effects induced by, Psychiatric clinic (Tune, McHugh and Coyle), 149

Ornithine transcarbamylase deficiency
long-term treatment of, Genetics clinic (Batshaw et al.), 34
Osteolysis
idiopathic multicentric, Genetics clinic (Renie and Pyeritz), 165

Penicillamine
proteinuria induced by, and prior gold nephropathy (Billingsley and Stevens), 64
Phencyclidine
psychiatric and medical syndromes associated with abuse of, Psychiatric clinic (Pearlson, G. D.), 25
Physician-scientist
role of (Menkes, J. H.), 175
Pneumothorax
spontaneous, during adjuvant chemotherapy for treatment of fibrosarcoma (Markman, Meek and Wingard), 264
Postural hypotension
diagnosis and treatment of, Clinical conference (Griffin and Abbruzzese), 127

Preleukemia
diagnosis and treatment of, Clinical conference (Stuart and Levitt), 200
Prenatal development
and role of trace metals in maternal dietary deficiencies (Hurley, L. S.), 1
Proteinuria
penicillamine-induced, and prior gold nephropathy (Billingsley and Stevens), 64
Psychiatric clinics
Management of extrapyramidal side effects induced by neuroleptics, 149
Psychiatric and medical syndromes associated with phencyclidine (PCP) abuse, 25
Tardive dyskinesia, 206
Psychiatric symptoms
in dwarfs, Genetics clinic (Folstein et al.), 273
Psychosocial dwarfism
and extreme hypernatremia (Chesney and Brusilow), 11
Pulmonary vasoconstriction
in systemic sclerosis (Naslund, Pearson and Ritter), 78

Radioimmunoassays
and simple immunoassays in generation of point estimates of concentrations (Kimball et al.), 97
Rheumatoid arthritis
and adverse drug reactions (Billingsley and Stevens), 64

Sclerosis
systemic, pulmonary vasoconstriction in (Naslund, Pearson and Ritter), 78

Tardive dyskinesia
treatment of, Psychiatric clinic (Rabins, Tune and McHugh), 206
Toxic-shock syndrome
Clinical conference (Bartlett and Burrow), 14
Trace metals
role of, in prenatal and maternal dietary deficiencies (Hurley, L. S.), 1
Typhoid fever
and hemostatic abnormalities (Miró-Quesada et al.), 73

Urea cycle enzymopathies
long-term treatment of, Genetics clinic (Batshaw et al.), 34

Volunteers
and plasma lipid levels (Chase, Kwiterovich and Bachorik), 191

SUBJECT INDEX

Acromegaly
  associated with Albright syndrome (Lipson and Hsu), 10
Adriamycin
  cardiotoxicity, evaluation by comparative analysis of noninvasive cardiac parameters (Shuman et al.), 57
Aging
  and rise in low somatomedin-C levels (Johanson and Blizzard), 115
Albright syndrome
  associated with acromegaly (Lipson and Hsu), 10
Alzheimer's disease
  predicted by language disorder, Genetics clinic (Folstein and Breitner), 145
Antibiotics
  use of, associated with colitis (Bartlett, J. G.), 6
Amyloid neuropathy
  three forms of, dominant, Genetics clinic (Sack et al.), 239

Bacillemia
  Gram-negative, clinical correlations of fever, shock and chills (Rector, W. G., Jr.), 175
Bayne-Jones, Stanhope
  medical vignette (Harvey, A. M.), 150
Biliary tract disease
  radiologic features of, Clinical conference (Simeone et al.), 228
Blood transfusions
  and hepatitis, Clinical conference (Aach and Wachspress), 45

Book reviews
  Behavioral Pediatrics: Psychosocial Aspects of Child Health Care, 251
  Diagnostic Techniques in Pulmonary Disease, Part I, 95
  Inside Russian Medicine: An American Doctor's First-Hand Report, 248
  Kuru: Early Letters and Field Notes from the Collection of D. Carleton Gajdusek, 93
  Pediatric Surgery, 170
  Prognosis: Contemporary Outcomes of Disease, 94
  Radiation-Drug Interactions in the Treatment of Cancer, 93
  Rehabilitation Oncology, Diagnosis and Nonsurgical Management of Chronic Pain, 250
  Renal Microvascular Disease: Angiographic-Microangiographic Correlates, 171
  The Maladies of Marcel Proust: Doctors and Disease in His Life and Work, 169

Central nervous system
  involvement in systemic lupus erythematosus, Clinical conference (Stevens and Holt), 40
Chills
  correlation with Gram-negative bacillemia (Rector, W. G., Jr.), 175
Cholangiopancreatography
  and demonstration of fistulous communication of pseudocyst into common bile duct (Ellenbogen et al.), 110
Clinical conferences
  Central nervous system involvement in systemic lupus erythematosus, 140
  Local tetanus, 84
  Klatskin tumor: Radiologic features of bilary tract disease, 228
  Post-transfusion hepatitis, 45
  Presbycardia, 203
  The rapid diagnosis of viral infections, 126
Clostridium difficile
  and antibiotic-associated colitis (Bartlett, J. G.), 6
Colitis
  associated with use of antibiotics (Bartlett, J. G.), 6

Computed tomographic scan
use in psychiatry, Psychiatric clinic (Pearlson, Veroff and McHugh), 194
Coronary heart disease
and complex ventricular arrhythmias (Taylor et al.), 1
Cushing's disease
cyproheptadine in control of (Hsu et al.), 77
Cyproheptadine
in control of Cushing's disease (Hsu et al.), 77

Dementia syndromes
and use of computed tomographic scan, Psychiatric clinic (Pearlson, Veroff and McHugh), 194
Drug letters
Metronidazole, 89
Minoxidil, 188

Ejection fraction
as indicator of Adriamycin cardiotoxicity (Shuman et al.), 57
ELISA assay
and rapid diagnosis of viral infections (Yolken and Burrow), 126

Faith healing
comparison with biomedical orientation to healing (Frank, J. F.), 222
Fever
correlation with Gram-negative bacillemia (Rector, W. G., Jr.), 175
Fibrous dysplasia
in Albright syndrome, associated with acromegaly (Lipson and Hsu), 10

Genetics clinics
Language disorder predicts familial Alzheimer's disease, 145
Three forms of dominant amyloid neuropathy, 239
Growth hormone
administration in older men and levels of somatomedin-C (Johanson and Blizzard), 115

Hemolytic anemia
immunologic precursors of (Conley, C. L.), 101
Hepatitis
post-transfusion, Clinical conference (Aach and Wachspress), 45
Holistic medicine
comparison with biomedical orientation to healing (Frank, J. F.), 222
Hypertension
renovascular, results of medical and surgical therapy (Whelton et al.), 213

Immunologic precursors
of autoimmune hematologic disorders (Conley, C. L.), 101

Johns Hopkins medical vignettes
Johns Hopkins and yellow fever: A story of tragedy and triumph (Harvey, A. M.), 25
Stanhope Bayne-Jones, 1886–1970: The story of a lifetime devoted to country and to medicine (Harvey, A. M.), 150

Kawasaki disease
associated with serologic evidence of Rocky Mountain spotted fever (Headings and Santosham), 220
Klatskin tumor
radiologic features of, Clinical conference (Simeone et al.), 228

Language disorder
predictive of Alzheimer's disease, Genetics clinic (Folstein and Breitner), 145
Laryngeal tuberculosis
simulating laryngeal carcinoma (Walsh and Mulholland), 135
Lithium
renal toxicity of, Psychiatric clinic (DePaulo, Correa and Sapir), 15

Manic-depressive illness
and use of computed tomographic scan, Psychiatric clinic (Pearlson, Veroff and McHugh), 194
Metronidazole
properties of, Drug letter (Bartlett, J. G.), 89
Minoxidil
review of, Drug letter (Feroli, E. R., Jr.), 188
Myocardial infarction
followed by complex ventricular arrhythmias (Taylor et al.), 1

Neuropathy
amyloid, dominant forms of, Genetics Clinic (Sack et al.), 239
Non-A,non-B hepatitis
post-transfusion, Clinical conference (Aach and Wachspress), 45

Osteomalacia
heritability of (Scriver and Tenenhouse), 179

Perianal tuberculosis
simulating perianal carcinoma (Walsh and Mulholland), 135
Phosphate transport
heritability of disorders of (Schriver and Tenenhouse), 179
Presbycardia
clinical research in, Clinical conference (Weisfeldt and Abben), 203
Prevention of disease
epidemiologic basis of (Szklo, M.), 64
Pseudocyst
fistulous communication with common bile duct (Ellenbogen et al.), 110
Psychiatric clinics
Renal toxicity of lithium and its implications, 15
Sexual deviation syndromes, 119
The use of computed tomography in psychiatry: Recent applications to schizophrenia, manic-depressive illness and dementia, 194

Renal toxicity
of lithium, Psychiatric clinic (De Paulo, Correa and Sapir), 15
Renin activity
and results of medical and surgical therapy in renovascular hypertension (Whelton et al.), 213
Renovascular disease
results of medical and surgical therapy (Whelton et al.), 213
Rickets
heritability of (Schriver and Tenenhouse), 179
Rocky Mountain spotted fever
serologic evidence of, associated with Kawasaki disease (Headings and Santosham), 220

Schizophrenia
and use of computed tomographic scan, Psychiatric clinic (Pearlson, Veroff and McHugh), 194
Sexual deviation syndromes
treatment of voyeurism, Psychiatric clinics (Berlin and Coyle), 119

Shock
correlation with Gram-negative bacillemia (W. G. Rector, Jr.), 175
Somatomedin-C
levels rise in response to growth hormone administration in older men (Johanson and Blizzard), 115
Systemic lupus erythematosus
central nervous system involvement in, Clinical conference (Stevens and Holt), 140
Systolic time interval
as indicator of Adriamycin cardiotoxicity (Shuman et al.), 57

Tetanus
local, diagnosis and treatment of, Clinical conference (Griffin and Roistacher), 84
Thrombocytopenic purpura
immunologic precursors of (Conley, C. L.), 101
Tuberculosis
simulating carcinoma (Walsh and Mulholland), 135

Ventricular arrhythmias
after myocardial infarction (Taylor et al.), 1
Viral infections
rapid diagnosis of, Clinical conference (Yolken and Burrow), 126
Voyeurism
treatment of, Psychiatric clinic (Berlin and Coyle), 119

Yellow fever
medical vignette (Harvey, A. M.), 25
